How to play - Worms and Ladders:

Have you heard of Snakes and Ladders?

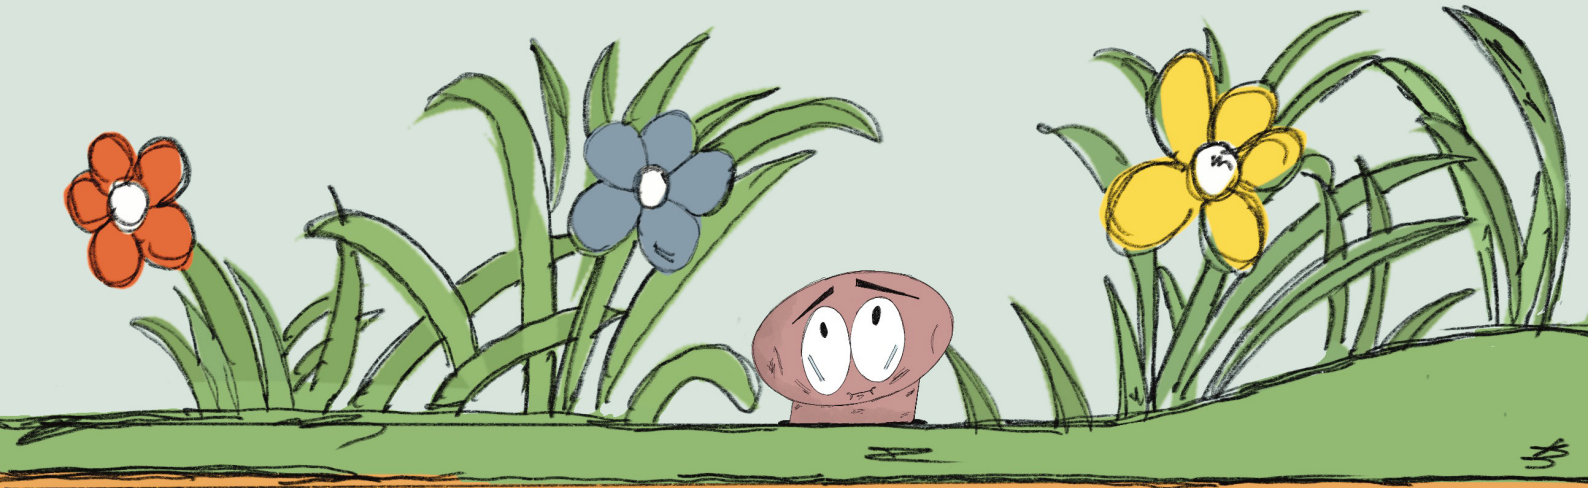

Well, this is Worms and Ladders,
the aim of the game is to get your apple eaten first.

- Spin the spinner for the number to move your counter up the worm.
- Land on a small worm you have to slide down.
- Land on a ladder to move up.
- The first person to get their apple in the worm's mouth wins.

Draw your favourite vegetables in each box.

Fun & interesting facts about worms

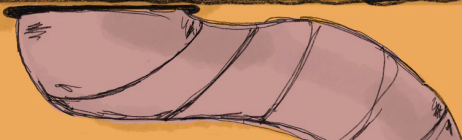

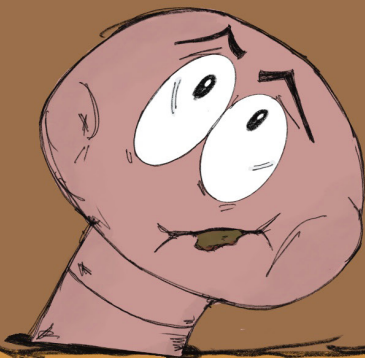

1: There are more than 2700 types of worms.

2: Worms have five hearts.

3: Worms do not have lungs – they breathe through their skin, which must stay moist to work; this is why they don't come out in the sun!

4: They eat rotting leaves and vegetables, which help recycle nutrients into the soil; they are great gardeners.

5: Worms are very strong for their size; they push through the soil using bristles on their bodies.
